

The diagonal bypass lanes will serve two purposes:

1. Detour traffic during construction of the intersection improvements
2. When construction is complete, the bypass lanes will be restricted to oversized vehicles that require a special oversized-overweight (OS/OW) load permit to travel within the State of Kansas

ROUNDABOUT DIAMETER¹	210 FT.
CIRCULATORY ROADWAY WIDTH²	20 FT.
TRUCK APRON WIDTH³	13 FT.

1 - Measured to edge of lane pavement - does not include curb & gutter
2 - Pavement width between curb & gutter
3 - Includes mountable curb width
